ABOUT US

Black Labs is a Service-Disabled Veteran Owned Small Business, located in Tucson, Arizona. We are an ISO 17025:2017 accredited laboratory that provides a wide range of services from Environmental Health, Food Safety, IT Services, Veterinarian Services and Testing services across the country.

Our lab equipment, facilities and protocols were carefully designed and are meticulously maintained to ensure an extremely high level of accuracy and consistency in our results.

Beyond counting on superior testing, clients work with Black Labs because we are a true lab partner. When tests identify contaminants or any other unexpected results, we work with clients to help identify the source and determine how to best improve their systems and processes.
